Acceptable Use Policy

Digital technologies have become integral to the lives of children and young people, both within schools and outside school. These technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

This Acceptable Use Policy is intended to ensure:

- that young people will be responsible users and stay safe while using the internet and other digital technologies for educational, personal and recreational use
- that academy systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk

The academy will try to ensure that students will have good access to digital technologies to enhance their learning and will, in return, expect the students to agree to be responsible users.

Acceptable Use Policy Agreement for Students

I understand that I must use academy ICT systems in a responsible way, to ensure that there is no risk to my safety or to the safety and security of the ICT systems and other people.

For my own personal safety:

- I understand that the academy will monitor my use of the systems, devices and digital communications
- I will keep my username and password safe and secure – I will not share it, nor will I try to use any other person's username and password. I understand that I should not write down or store a password where it is possible that someone may steal it
- I will be aware of "stranger danger", when I am communicating on-line
- I will not disclose or share personal information about myself or others when on-line (this could include names, addresses, email addresses, telephone numbers, age, gender, educational details, financial details etc.)
- If I arrange to meet people off-line that I have communicated with on-line, I will do so in a public place and take an adult with me
- I will immediately report any unpleasant or inappropriate material or messages or anything that makes me feel uncomfortable when I see it on-line

I understand that everyone has equal rights to use technology as a resource and:

- I understand that the academy systems and devices are intended for educational use
- I will not try (unless I have permission**) to make large downloads or uploads that might take up internet capacity and prevent other users from being able to carry out their work
- I will not use the academy systems or devices for personal or recreational use, for example on-line gaming, on-line gambling, internet shopping, file sharing, or video broadcasting (e.g. YouTube)

I will act as I expect others to act toward me:

- I will respect others' work and property and will not access, copy, remove or otherwise alter any other user's files, without the owner's knowledge and consent
- I will be polite and responsible when I communicate with others, I will not use strong, aggressive or inappropriate language and I appreciate that others may have different opinions
- I will not take or distribute images of anyone without appropriate consent

I recognise that the academy has a responsibility to maintain the security and integrity of the technology it offers me and to ensure the smooth running of the academy:

- I will not use my own personal devices (mobile phones / USB devices etc.) in the academy or connect these to any academy computer or network
- I understand the risks and will not try to upload, download or access any materials which are illegal or inappropriate or that may cause harm or distress to others, nor will I try to use any programmes or software that might allow me to bypass the filtering / security systems in place to prevent access to such materials

**Permission must be given by the IT Support Team

- I will immediately report any damage or faults involving equipment or software, however this may have happened
- I will not open any hyperlinks in emails or any attachments to emails, unless I know and trust the person / organisation who sent the email, or if I have any concerns about the validity of the email (due to the risk of the attachment containing viruses or other harmful programmes). I will report any concerns to my teacher
- I will not install or attempt to install or store programmes of any type on any academy device, nor will I try to alter computer settings

When using the internet for research or recreation, I recognise that:

- I should ensure that I have permission to use the original work of others in my own work
- Where work is protected by copyright, I will not try to download copies (including music and videos)
- When I am using the internet to find information, I should take care to check that the information that I access is accurate, as I understand that the work of others may not be truthful and may be a deliberate attempt to mislead me

I understand that I am responsible for my actions, both in and out of the academy:

- I understand that the academy also has the right to take action against me if I am involved in incidents of inappropriate behaviour, that are covered in this agreement, when I am out of academy and where they involve my membership of the academy community (examples would be cyber-bullying, use of images or personal information)
- I understand that if I fail to comply with this Acceptable Use Policy Agreement, I will be subject to disciplinary action. This may include loss of access to the academy network / internet, detentions, isolation, exclusion, contact with parents and in the event of illegal activities involvement of the police

Data Protection:

- I understand that I should not share my own or others' personal data without consent, in line with the Academy's Data Protection Policy and GDPR.

Please complete the sections below to show that you have read, understood and agree to the rules included in the Acceptable Use Agreement. If you do not sign and return this agreement, access will not be granted to academy systems and devices. Students will be reminded of this agreement and show their acceptance of this policy each time they log in to the academy's systems.

Student Acceptable Use Agreement Form

Please sign the sections below to show that you have read, understood and agree to the rules included in the Acceptable Use Agreement. If you do not sign and return this agreement, access will not be granted to academy's ICT systems.

I have read and understand the above and agree to follow these guidelines:

- When I use the academy systems and devices (both in and out of the academy)
- When I use my own equipment out of the academy in a way that is related to me being a member of this academy e.g. communicating with other members of the academy, accessing academy email, websites etc.

I also understand that I must not use my own devices, e.g. USB devices, cameras, Mobile Phones etc. in the academy or connect any of these devices to the academy computers or network.
